Whispers from The Brighter World
A Third Revelation

Friday, March 22, 2002 - 10:00 a.m.

As you advance on the way, your weak points appear to you more clearly. It is a big step in your process. Thinking that Master can sort out everything relating to what we have just said is the easy option; [however] your active participation is desired. It is easy to give oneself excuses; recognising one's weaknesses and trying to remedy them is part of the work. While getting refined, your weaknesses show up clearly and you cannot ignore them. In a spiritual process, all is to be considered; smoothing out the difficulties of the path can only foster its outcome. Become fully aware of all the facets of your personality. 'Know thyself' is a formula, with a meaning broader than it seems, but it starts at this level – i.e., the basic human level – to lead to the reality of the higher being eminently present and the supreme guide of your destiny.

"It must put up with the vehicle which accompanies it on this journey, while trying to highlight the good sides of the situation."
