Whispers from The Brighter World

A Third Revelation

Thursday, March 28, 2002 - 10:00 a.m.

Your soul chose its way; so was it bound to happen. It grew richer on other paths before coming to us. It was not about love at first sight, as it exists among humans. Your heart guided you towards us for your greater good. Thus is your vocation fulfilled; your gifts serve the Mission in terms of imbibing hearts with the teaching conveyed through these messages. They shed a new light. Our comments are ageless; they will resonate for a long time on this Earth, which will be nurtured by them. The new era will find its food therein. A revolution will be accomplished in hearts that will hopelessly look for evidence of the beyond. This process will intensify, the beings will be caught in a swirl that will leave them astounded, and beseeching the sky to show them the way. Our way will be able to enlighten them, to guide them in this mess where only such signs will be able to reassure them. Will man eventually understand that a very powerful force exists and that its ire can also manifest itself? Their helplessness will attract a mercy that only it will be able to soothe their hearts."
