Whispers from The Brighter World
A Third Revelation

Friday, March 29, 2002 - 8:00 a.m.

Let your heart open up more and more beyond human contingencies and rigid upbringing, as far as its movements are concerned. Don't repress its impulses any more. Here, we are in a different context altogether where there is no risk of disappointments. This kind of relationship develops in another space ignored by men. Each one of them must find the access to it to establish a durable relationship, divested of pretences and preserved from the illusions of this world. Such a love relationship is precious; we unceasingly draw your attention to it, because the heart of men singularly lacks it. They are too absorbed by the rituals of Earthly life. They cannot put things into perspective and reserve some small place for this discipline, which you, who are wise, devote to it. A spiritual process is carried out in the secrecy of hearts, which cannot be accessed by any of the beings you mix with. In this area, you are in front of God and your Masters, divested of your human attributes, however flattering they may be. Let your hearts open up unrestrainedly in this relationship, since it goes well beyond the human framework where you are moving, and it develops a becoming and a state which will never leave you any more."
