Whispers from The Brighter World
A Third Revelation

Feel that love is flowing from your heart and spreading around you. Love dedicated to the Divine acts like that. It comes from the depths of the being, where it can be created by the spirit, and not from the head. The type of love we are alluding to is of a divine essence and has nothing to do with human matters. You should be able to make out the difference and cultivate, in a special way, that which we are referring to. Sincere impulses make it surface; in these blessed moments, the soul is bathed in it, delighted in it, it surrenders. Your hearts aspire to living these moments when nothing else exists. Give in to so many graces; don't repress them. Why would you repress them? Easterners devote themselves to it with delight. This kind of sense of propriety [repressing them] is out of place. Is there anything more beautiful than letting one's heart speak! In this world of blackness, mentioning beauty, the inexpressible, is a blessed moment.

"In this area, don't fear to express yourself any more. We encourage your sister to do so. Many hearts will understand it; they will feel like brothers.

"The only true beauty is hidden in the heart of man. He generally ignores it. May the time soon come when love will reign on the Earth."
