Whispers from The Brighter World
A Third Revelation

Saturday, April 20, 2002 - 8:30 a.m.

This Remembrance Day was commemorated by many abhyasis; we thank them. Some dates thus stand out on the calendar of our Mission. Remembering is an act of faith, which testifies to our brothers' confidence in their Masters, those of the past and the present. Sahaj Marg history is not long as yet; it is just starting. It is very good that things are like that for the future generations. Honouring the memory of the Masters develops love in the hearts; for this reason, it is important to do so. Love is like the flame of a lamp; it [the flame] is precious, just like it [love] which lights hearts from inside. Without it, the way would be arid and devoid of interest. The purpose of the work being carried out in our system is to free the heart from all that can block it. With time, it becomes capable of expressing its impulses; nothing else can hamper its progress. We can lead it on the way to realisation.

"Be happy to be following this very simple way, but which meets your wishes; it opens up delightful prospects for you.

"You all have our blessings."
