Whispers from The Brighter World
A Third Revelation

Sunday, April 21, 2002 - 8:30 a.m.

Each day, you make use of this special key, meditation, to join us in this reserved space. All our candidates can do the same and rejoin us in their hearts, where the contact can be established. It will be different from that which we have with you; it is specific to each one of those who aspire to receiving us and depends on the intensity of this call. It is enough to ask to be heard, and often, to receive, according to the nature of the request. You can then be cut off from the rest of the world; your hearts are doors that open to the infinite, and through them many possibilities are offered to you. By having this inner life enriched with your spiritual experience, a luminous world – accessible at all times – is created inside you. You are never alone, you are heard; your souls can be united with the multitude of those that praise the Almighty and His works. A flame is burning in you, which adds to all those resembling it. They are legion and they light up a blessed space, unique in that it is dedicated to the divinity."
