Whispers from The Brighter World
A Third Revelation

Sunday, April 21, 2002 - 10:00 a.m.

ur choice is justified by what you are inside: this richness which is in you, that which we have mentioned earlier and which outlives an incarnation. Your faults, your qualities are the marks of the latter; you put up with it and you try to mend what you don't like. Each life is characterised by these kinds of attributes that have to be managed: it is peculiar to human beings. As there is no such thing as perfection, there is no way this could be avoided. Man's only resource is to try to improve and rise above the miasmas of this world. You already understand these great principles, since you are striving for that. You are on your way, and you become lighter with the passing of time. With it, your burden is less heavy; you advance towards wisdom. Our way contributes to it. Such steadfastness is worth rewarding. If you have patience to read us, it means also that you are engaged in our system and that you enjoy its benefits. The various aspects of what our method brings to you transform you deeply. You are not fully aware of it, but the result is there; you can believe us."
