Whispers from The Brighter World
A Third Revelation

Wednesday, April 24, 2002 - 10:00 a.m.

You are nearing the end of this long story of the messages. In the future, we will use your gifts in a different way. We cannot keep filling pages and pages for so long a time; the main things have been said. Those among our candidates who want to thrive on this teaching have a wide choice at their disposal. When the moment comes, we will remain in contact for another work yet to be defined. Let us continue in the same spirit for the moment. Prepare your hearts for the greatest events to come – such great events are still remembered in the Mission. Be close to your Master in spirit. Surround him with your love; he is doing a tremendous amount of work for the Mission and the whole of humanity, which benefits from it too. You cannot imagine the subtlety of his action, which is also very powerful. A spiritual Master at his level holds powers not easily conceived by the common run of people.

"There is a huge amount of work to be done on this Earth. All our efforts are conjoined to manage to make men move towards more purity and love."
