Whispers from The Brighter World
A Third Revelation

Saturday, May 4, 2002 - 8:00 a.m.

Turn more and more towards your Master. Your inner eye should not be taken off him any more. Your main objective is achieved, because your taking this decisive step towards him places you in the best condition to reach the goal. There are various ways of going towards the Master. Humanly, it is easy. Spiritually, it is a different process altogether. There are many steps to go through. They are necessary and require an increasingly greater commitment. It is not a trivial matter, as is the case here in this world where anything that must last always finds itself often quickly forgotten. This kind of process is of a different nature; it is specific and durable. One should know what they are committing themselves to. Spiritual life goes beyond the framework of this life on Earth. It is built in a solid way, thoroughly, in the secrecy of the being, which is immutable. When one feels ready for this final act, they commit themselves happily towards their nobler destiny and the supreme ascent can start. Happy are the hearts that reach this crossroads; there are not many of them. May they be blessed as well as all those who aspire to reaching that point."
