Whispers from The Brighter World

Saturday, April 10, 1999 – 8:00 a.m.

Do not be afraid to advance towards regions unknown to you.
You are all safe, more so than on the highways. It is on Earth that there are dangers, they lie in wait for you around every corner.

The spiritual way is broad, difficult in some respects. It takes perseverance and will, but there is no risk of any problem.

Have confidence in the Master; he is the pathfinder, the guide, the one who shows the way and protects you.

Be happy to be engaged in a spiritual path. Your lives have a meaning; you all know where you are going.

How many humans live from day to day, awaiting death as an ending and not knowing that it is a beginning?

Consider yourselves fortunate not to be in this frame of mind and to know that on the other side of the veil there are other worlds where you will continue your progression.

Alleviate the doubts you have about yourselves; you can reach the goal.

What humans have done, humans can do.

One needs only to want it and be engaged in an effective system.

Therefore, courage.
