Whispers from The Brighter World
A Third Revelation

Saturday, May 11, 2002 - 10:00 a.m.

Don't fear to spread your wings; your faith is strong, they can withstand it. Your spirituality has been refreshed from various sources; it was nurtured, it was shaped with time. By coming towards us, you have made a choice, convinced that this way would bring you the main thing, i.e., a true spiritual and mystical dimension. Your soul was ready to recognise it and accept it, this being the determining aspect of your commitment. The same is true for each one of our candidates; when the moment has come, the opportunity presents itself to the seeker who can seize it. As it develops in the world, the Mission offers a broad range of possibilities for it to be known. To find one's way is not a grace granted to everyone; it is appreciable.

"In this long search, which gets stronger from life to life, various means are proposed to man in order to satisfy his aspiration for the Divine. He makes many experiments, sometimes disconcerting, but inwardly he holds the course. He knows that each step is constructive, that he is making progress in his quest, in his search for effectiveness. Even if he has not made the right approach as yet, he can feel inside himself the strengthening of his determination to find what is really appropriate within himself."
