Whispers from The Brighter World
A Third Revelation

Yes, it is rejoicing for us here to see how your relationship is evolving. He is incarnate, as well as you, and you need your Master. This is a concept that Westerners cannot always understand easily. They say, 'Why a Master?' They do not understand well the range of his actions. Many human areas refer to a master, to a guide. Unlike a mountain guide, his presence is not necessary at each step, nevertheless the aspirant to spirituality benefits from his presence, his omnipresence in his everyday life. A Master's work in this field does not know any geographical limits; he works for humanity, surpassing the framework of the mission by which he is recognised. The abhyasi can make progress in his heart to go towards him. Distances do not matter; there are no limits whatsoever. He leads the souls in his wake – those which actually want to follow him and trust him. Surrender, as you know, is the stumbling block; we don't force anyone to follow us. Trust him. Helping you is his mission on Earth; he came with this aim. Be well aware of that."
