Whispers from The Brighter World
A Third Revelation

Thursday, June 6, 2002 - 8:00 a.m.

We are nearing the end of this long history of the messages; there is nothing to be sad about. They exist and time will decide on their fate. We are not anxious about them; it is a page being turned, offering other prospects. We have been preparing you for this eventuality for some time now. Do you realise the work you have achieved? We could not continue indefinitely. We have reached the end of this matter. It will be up to my son to receive them as he sees fit. We trust him, just as we do for everything. Our relationship will not be modified for that. Our contacts will continue; we will do something different. Continue to advance, surrendered and in the state of love you devote to the Divine and to your Masters. You are carried by the resulting force. Your heart and your gifts will not remain unemployed; they are precious to us. You have our confidence; time has not deteriorated it. You are reliable in your feelings and your action. Be at peace, my daughter; all is well."
