Whispers from The Brighter World
A Third Revelation

Tuesday, June 11, 2002 - 10:00 a.m.

Gain in stature, regain your serenity and see the Earth become a sure place which is good to live in. Let your heart vibrate with love and see only what is beautiful. Cover the blackness with light and imagine all men as becoming better, inclined to make peace in a world where tolerance prevails. This great wisdom will end up being established on Earth, it is a matter of time. Build this world inside yourself; sublimate it and make this thought stronger. Each being is part of the whole. This whole can change; each one can apply oneself to it. Our remarks in these messages differ a little, in terms of their tone, from that of our writings in general. Times are changing; the Mission is growing in countries with different cultures and traditions. These messages can be understood by the greatest number; we only want the good of all; we are working towards that. Thank you for accompanying us and for targeting this objective with us."
