Whispers from The Brighter World
A Third Revelation

Friday, June 14, 2002 - 10:00 a.m.

You have grown over the past years during which your heart has remained surrendered to us. Thus is the sincere aspirant who decides to follow our way and who relies entirely on the guidance of his Master. It is in this spirit that he must take up his sadhana, letting his heart explore all the possibilities thereof. This level requires utmost receptiveness. The mind should not be a hindrance. His deeper conviction, and only it, must guide him and lead him towards shores where another universe can unfold to him.

"Perseverance is the main force, which makes him act each day. His inner being guides and inspires him. His soul is thirsty for the Divine. This need is imperative; it grows and becomes essential. To follow this inclination is a grace that we support according to the call. Each one receives according to their needs and the receptiveness of their heart. To love one's Master, places him in the best possible condition. Ask and you will receive; these remarks testify to this way of openness to God; it is eternal, nothing changes in this field. You all have our blessings."
