Whispers from The Brighter World

A Third Revelation

Tuesday, June 18, 2002 - 10:00 a.m.

Prepare your heart more and more; don't give it any respite. Pursue your goal with obstinacy; only lack of interest could compromise its success. Get stronger in your convictions. They do not generate self-doubt any more. For a long time, you have been past the stage of self-questioning. Your way ahead is becoming luminous. The wanderings of the past and the search for the right way enriched you and led you to comprehension. The path is long which clears the way and shapes the soul, bringing it to the highest level. The school of life is favourable for this work. It justifies all its facets, good or bad, according to the interpretation made of it. All has its raison d'être; to advance with a heart full of joy is a rare blessing. We keep coming back to this aspect of an incarnation, which is one of the keys to success. Try to conform to these views and be confident in yourself, and in us, who are there to help you and guide you in your search. Any work bears its fruit, particularly in this field; never forget it. Make sure you remain happy and certain to reach the goal, whatever happens."
