Whispers from The Brighter World
A Third Revelation

Wednesday, June 26, 2002 - 10:00 a.m.

Your heart is entirely receptive to what we expect of you. This form of surrender supports our work and allows us to use all your capabilities.

"Your Master is making progress in the discovery of these messages. To him, it is indeed a discovery, the tone of which is unexpected. Our aspirants, who will peruse them when the time comes, will be surprised too. They will discover another aspect of our teaching therein, supporting a personal attitude, capable of helping them in their search. The spiritual life is made up of so much diversity; everything is a pretext to make it more productive and better targeted. We are applying ourselves to it by all possible means. We only want the success of our brothers, who trust us. The majority of them are very motivated and well determined to do everything possible to reach the goal.

"The Mission is growing; it is becoming stronger, just like the resulting égrégore which propels it favourably."
