Whispers from The Brighter World
A Third Revelation

Wednesday, July 10, 2002 - 10:00 a.m.

Do you realise how much you let yourself get caught in the nets of the chaotic movement of the days? Try to resist and especially to let go. You cannot change anything regarding events, but only remain confident and wait. Time makes choices and man must accept and see in that only the finger of destiny, if he is wise. Don't take things that happen to others so much to heart; do what you have to do for them, and keep up faith. Has life not shown to you how much any situation is useful and edifying to the spiritual being, who must lead his own struggle? Rebellion is not for you; if you don't have faith in yourself, at least have it in your Masters who know what they are doing."
