Whispers from The Brighter World
A Third Revelation

Sunday, July 14, 2002 - 8:00 a.m.

Humanity is what it is, and it must carry on its combat to rise up. Each one of its elements lives and fights for that. It is in this spirit that you are working towards your evolution. With a few exceptions, all the beings populating this Earth are there with the same aim. It is a large-scale undertaking. Considered in isolation, you belong to an elite group – shall we say – working actively towards its liberation. You act, you undertake and you are forging ahead, trustful in your success. Why would a spiritual way like ours exist, if the stake did not partake of a great intention orchestrated by higher forces? Means are offered to men to enable them to overcome their current condition in the evolutionary cycle of this planet. We can only encourage them – by all means possible – to achieve it. We will have no rest while this Earth remains the battlefield of good against evil. A day will come when the balance of forces will be significantly reversed and when it will be able, as planned, to shift up to a higher level."
