Whispers from The Brighter World
A Third Revelation

Sunday, July 21, 2002 - 10:00 a.m.

Extend love, which is inside you, to all that surrounds you. This remedy is unique and the only one that can change the world. On a large scale, its power is unequalled. In coming times, it will manifest itself in all its glory. God is love, its vibration is His emanation; nothing can be compared to it. This speech can seem unreal and improbable to non-informed readers, yet it is the exact truth; everything centres on this cosmic truth. Love is the secret weapon, which, when the time comes, will come as a liberator to settle the fate of humans whose situation is sad. This concept is not easy to understand, not even for a heart open to its effects. Man, however advanced he may be, does not access during his incarnation the great secrets which govern not only this world, but also the whole of creation. He must carry on, on his road, with utmost faith and confidence in the divine laws, which in spite of appearances, are right and good. He should always turn more to God; whether he believes it or not, there lies his salvation."
