Whispers from The Brighter World
A Third Revelation

Wednesday, July 24, 2002 - 10:00 a.m.

My daughter, love him – your Master – infinitely. Your souls and your destinies are henceforth interwoven. Let this love, wrongly contained for too long a time, express itself. In this commitment, only the present matters, the past is abolished. Your story is important; it starts now. It lies within the scope of our Mission where it will leave its trace. History, as usual, will let facts clarify themselves and make beauty consequently emerge. God leaves deep marks in the hearts that He chooses. He marks their path with rare flowers that attract the eyes of those who follow after them. Everything is planned and set in advance; no one can escape this choice, which has its raison d'être. Let your heart open more and more to love; don't fear this acceleration, it can only lead you towards enchanting shores and sites. It is all so simple in our way. When he himself has managed to attain true simplicity, the abhyasi can finally understand it and appreciate it by seeing in it the true attraction of his process."
