Whispers from The Brighter World
A Third Revelation

Saturday, July 27, 2002 - 8:00 a.m.

You have all the necessary elements to build your spiritual life; it only depends on you to succeed. We try to bring you a plus with these messages, which are a characteristic element in our teachings. Certain lines are magnified therein or more moderate in terms of their tones and focused on the images they can create in you. The results obtained by each one of our candidates are the fruit of all this meticulous combination. We provide them with the materials and they build with our assistance and under our protection. When the moment has come, the life of the soul prevails; it lays down the law – which is all harmony and love. Don't miss the opportunities offered to you to progress. This stay on the Earth is short. No time should be wasted, otherwise you could regret it; it cannot be made up."
