Whispers from The Brighter World

A Third Revelation

Monday, July 29, 2002 - 8:00 a.m.

In spite of appearances, you are enduring a lot, my daughter. We understand your moments of discouragement, for we ourselves had gone through them. On no account are we judges, you know it. One day, you will understand all the extent of our solicitude. Love us, we return it to you hundredfold. The hearts of Revered Lalaji, your Master, and mine are only as one on the subtle planes. This divine accreditation makes our action easier. Through this means, our Mission benefits from a multiple and unified force. This explanation seems simplistic as we cannot further elaborate on it for clarity's sake. The erudite words used in some literature would not introduce you into the mysteries of knowledge, but would rather mislead you into a speech that would only end up taking you away from our objective: to bring you to interiorising yourself more and more. It is better you keep in your mind this comforting image of three great souls joined together to better serve you and help you throughout this long labyrinth on the way to perfection, which is the only one leading to the Ultimate."
