Whispers from The Brighter World
A Third Revelation

Tuesday, July 30, 2002 - 8:45 a.m.

Let your heart open under the effect of grace. Dispel your fears, your human anxiety, which have nothing to do with this contact. Don't let yourself be overcome by all these negative thoughts, and especially because that is usually not your situation. This is justified by your health condition, my child.

"Humans are victims of this evil which corrodes their hearts: the fear of the following day, of not succeeding, of not aging well, of being alone, and especially, the fear of suffering. We don't have remedies for all these evils. They come from humanity, reflecting its sad reality. You know the only remedy we can propose to you, and you are using it already like a miracle product. So it is, in its own way, but it cannot change the rules of this world – only your way of seeing and, especially, your way of living your tests can. The comfort is inside you, but most of the time, you do not have recourse to it. You are not sufficiently detached from the things of this world, the ill-effects of which keep affecting you."
