Whispers from The Brighter World
A Third Revelation

Saturday, August 3, 2002 - 8:00 a.m.

What you are experiencing is exceptional. Do you realise it? Whether these messages are recognised, appreciated or not, they exist; it is the most important thing. So will they be by the majority of the abhyasis when the moment has come for them to be known. You are doing what you have to, and what your heart dictates to you; it is necessary to leave it there. There cannot be general agreement about someone. A human being tends to reject what he does not know. Let us continue for those who advance with confidence, and who do not judge blindly. Although they do not go through similar experiences, they do not have blinkers on and do not want to be locked up in a state of narrow-mindedness, which would limit them in their way of seeing life."
