Whispers from The Brighter World
A Third Revelation

Monday, August 5, 2002 - 8:00 a.m.

It is right that the Mission, as far as the number of our aspirants is concerned, will expand considerably in the years to come. It is a logical development given the increasingly larger number of souls that aspire to the Divine. Our way, in a simple form, can provide them with what they seek. To rise above human intrigues is to behave as true mystics, seeing only the beauty of the system. Nobody is perfect, each one has enough to do with their own weaknesses; it is useless to add intolerance and incomprehension of others to it. In this matter, the sages manage to make the necessary choices."
