Whispers from The Brighter World
A Third Revelation

Friday, August 9, 2002 - 10:00 a.m.

This planet will not remain eternally a place of suffering and atonement. Humanity, in spite of appearances, is moving towards its liberation. Many tragedies will have to occur to arrive at that, but the seeds of a new era are sown and will produce, at the appropriate time, beings that are different in terms of their essence and who are concerned about the becoming of this planet, which also suffers from men's immaturity. Apply yourself to your spiritual practice and be quite conscious of taking part in the salvation of the world."
