A Third Revelation

Who, in your place, would not wonder about his channelling capabilities? Self-doubt is only human. You can rest assured: what you are noting down is really inspired in you. Some of these messages, which don't come from me, intrigue you; this is a normal reaction, even for somebody like you, accustomed to the irrational.

"Carry on, on your road, happy to benefit from such favours: being visited by great beings and, also, to receive completely moving confidences. You are equipped with a very good balance, which allows you to live this situation rather peacefully – except for some doubts – and to remain in humility. Your heart receives us in all simplicity; we appreciate this reception, since it does not result in any egotistic reactions in you. Thus all is well, my daughter. Spare yourself – won't you? – for the love of us."
