Whispers from The Brighter World
A Third Revelation

Sunday, August 25, 2002 - 8:30 a.m.

Do you realise how lucky you are? You receive us in your heart, without any ceremony or pressure. You only feel the joy of communicating with us. My daughter, many of our brothers will envy you for this performance. For you, this ritual has become natural after all these years; in addition, you derive from it considerable benefits. The spirit of our Mission is revealed differently in these writings; other facets of it are shown herein. The genuine seekers who will have access to them will be able to detect behind their comments, sometimes insignificant, truths that should not be neglected to reach a high level of realisation. Everything should be considered with attention in this matter. Each step is counted and marks a long and difficult way, which we seek to light in the best possible way, for the good of all."
