Whispers from The Brighter World
A Third Revelation

The Medium: "The only driving force to my advancing at all costs is my love for you, my Beloved. By having encouraged me on another way where loving your son is also loving you, my heart is filled with joy since these two ways merge into a single one culminating in this unequalled love which is an apotheosis."

Let yourself be strengthened by this love, my daughter, it is indeed unequalled. This apotheosis that you are referring to is divinely orchestrated. No note, no sound is lost. The objective is reached, since it glorifies the divine love. May your heart sing eternally in the same register, bathing in the divine energy. The heart of my son and yours meet in this concert. Different tones must be united and be complementary to create harmony. Your chords make my heart happy; it delights in your songs. You can let him know how much I appreciate it. The love of both of you is extraordinary; it is inspired and unfailing. It is good, you can believe me, to let oneself be rocked by such accents [of love]. One cannot love too much when they love divinely. By bringing your two hearts closer to each other from this perspective, we wanted them to get stronger in loving. They are of similar nature, passionate and capable of overcoming all obstacles; to achieve this, love is all-powerful. Only it can save the world; we have said it time and again. Let yourself be guided, my daughter, on this unique way which leads towards the Inexpressible Greatness, which has neither beginning nor end, since it is unique and divine."
