Whispers from The Brighter World
A Third Revelation

Thursday, September 19, 2002 - 10:00 a.m.

These messages are very often addressed to you. How could it be otherwise since in part, they are inspired by your life? Please, don't feel embarrassed by it any more. Haven't you been cured of this kind of reaction over time? It is a type of ordinary teaching, whereby using you as a target, we target everyone. Humans, with few exceptions, live similar experiments; they have joys, sorrows and, especially when they follow a spiritual way, they must go through identical practices of work on themselves. Only one line of conduct is suggested; there is no other way out. The way is long, narrow, and must be followed with some rigour, if one wants to succeed. Our recommendations are addressed to all without exception. Our heart-relation gives a special colouring to these messages. Would a strict and cold speech illustrate our remarks wherein we keep glorifying love? Those who read us and who do not understand this need, will have to work on themselves with eagerness, if they want to truly open to the divine love. Sooner or later, our readers will feel closer to our remarks, as they themselves live difficult situations; perhaps they will then find comfort in reading us. Tests are part and parcel of life. They are diversified and are the lot of all. They are sometimes very painful to overcome. May our aspirants feel strengthened – in all circumstances – by their practice and Master's protection."
