Whispers from The Brighter World
A Third Revelation

Wednesday, October 2, 2002 - 10:00 a.m.

This perpetual song of love rising from your heart cannot weary us; it is a sweet music which reaches our hearts. It has been dedicated to this role for a long time, this eagerness to hold this role being innate. In the chorus of voices rising towards us, it has managed to find a choice position. In broad outline, roles are distributed in advance; each soul has its own tendencies, which find a way of expressing themselves. They should not be repressed; on the contrary, all that emanates from the heart of a being is divine. Let all the love you have inside manifest itself – it is hidden so well from the eyes of your fellow men, beneath a façade of coldness. Open and receptive hearts cannot be mistaken in that. Each one must cultivate what is good in them and show it, which, moreover, puts a check on unpleasant aspects of their personality. These two tendencies appear in man. This challenge requires all your attention, the least good not being easy to hunt down. By focusing all your efforts on the fact of letting the good aspects in you emerge; your deeper being will be able to show its richness, which is the asset of a divine heritage. There is no spiritual search without a reappraisal and an intensive work on oneself; it is up to you to see and act."
