Whispers from The Brighter World

A Third Revelation

Saturday, November 23, 2002 - 10:00 a.m.

The bond, which was established between your Master and you, answers our wishes. It is a beautiful example of Master-to-disciple union. Your special perceptions are an element that fosters it, but be that as it may, this kind of relationship facilitates heart-to-heart exchanges even if they do not result in written messages. Our aspirants can rest assured on this point. True surrender and confidence are determining elements in this matter. They allow a kind of permanent communication between the Master's heart and the disciple's. Having a Master, a guide of a high spiritual level, fosters a search which thus becomes successful. Accompanied by his higher protection, the climbing becomes less perilous, and surer in terms of its effects. Man cannot venture in higher spheres without an enlightened guide. The seeker must become well aware of this aspect of the process. He cannot, on his own, clear all the stages, as he does not know all the subtleties thereof. This reality is not admitted easily. Man believes he is the master of his destiny, of all that he undertakes, in the most varied fields and especially in this one of surpassing oneself, represented by his spiritual search. Here, more than elsewhere, he does not advance alone and cannot do it truly without being supported and helped in this noble and ultimate conquest."
