Go beyond human squabbles, my daughter. All egotistic reactions are inevitable. Have you ever seen a group where harmony prevails? What about blood families? It would be utopian to expect a discord free [group]. This will never change; humans are like that. You know well that no secret should be shared if you don't wish any leakage. Sooner or later, people's tongues are loosened. This is why you have to be very vigilant about our contacts. Didn't you know that Lorrain could blab? Men also are like that; this is not peculiar to women. The ones to blame most as regards the messages are men. Are you surprised? In this, as in other areas, there are no superiors."
