Whispers from The Brighter World
A Third Revelation

Friday, December 27, 2002 - 10:00 a.m.

Your heart, by being consumed with love, finds 'Life' in it. It is the only true vocation, this one. You have in it the only true treasure; therefore, don't feel useless, and accept your way of being. Hearts like yours bring solace to ours. They clear a way for us through this testing vibratory world; its density is sometimes so heavy. It is time that you accept yourself as you are; we can only encourage you in this direction. Brothers and sisters who surround you are in the same inner state, and they will not complain, either, to mix with you. Love calls love; it is a noble and divine energy.

"In the world, our Mission represents one of its points of breath necessary to its balance. It will keep growing out of necessity; current times call for forces of this kind to help maintain, at all costs, a certain balance. Nothing is in vain in this area; each point of light on the Earth is a beacon capable of attracting the divine mercy. Nothing should be neglected for each one of our aspirants. The cohesion of our spiritual movement is working its way among the greatest, the most outstanding in this time.

"May each one of our associates feel highly concerned in this special context. Working towards peace, harmony and spiritual elevation of this planet is a noble and divine goal. May all be blessed and strengthened in their convictions."
