Whispers from The Brighter World
A Fourth Revelation

Thursday, March 13, 2003 - 10:00 a.m.

Plunge into the depths of your being where unsuspected resources are concealed that are yet to be used. Human beings do not take the trouble to discover what is important within themselves and they keep on dreaming of all kinds of outer discoveries.

"The characteristics of a reincarnation can conceal riches such as gifts, but fortuitously they can be revealed.

"The same applies to the whole spiritual aspect of personality which can suddenly manifest itself in appropriate circumstances.

"Many of our brothers experienced it as a sudden and profound calling emanating from inside. God's ways are many and subtle. Only He, the Guru of gurus, can catch a soul at the right moment and bring it towards its higher destiny.

"Our way is one of the suitable means for doing that. It was born at the dawn of the new era and, with time, it will reach its full development in the hearts. An immense work has to be done, and forces are being devoted to it.

"The soul awakening process takes place slowly, but it can also accelerate by divine will. What will happen exactly? Time will tell, as well as the motivation and faith of all people united towards this beautiful achievement."
