Whispers from The Brighter World
A Fourth Revelation

*Thursday, April 24, 2003 - 9:30 a.m.*

*Everything changes in this world; only God does not. He is your safest refuge. The ways of the heart cannot disappoint you. You can go into them with complete confidence with the blessings of your Master, the guide you have chosen and who also does not change. No matter what may happen on the Earth, you are on board for a very long journey towards a destination you know, although you cannot really picture it. Relevant images in you do not matter; only the objective to be reached is important, since you have understood that the main thing was elsewhere.*

*"As wisdom starts coming up in you, it motivates you to go in search of your true fatherland, which is the noblest goal to be reached, since it represents the ideal, the divinity and the highest level of evolution that a soul can attain.*

*"This aspiration keeps on growing with time; it becomes your only strength, that which propels you far from the baseness of this world, which you are striving to fly over. Blessed moments of communion with the divine presence in you literally give you wings.*

*"Love develops in your heart. It points to what the final apotheosis will be like, when finally, you will have reached the top of this impressive climb. This climb is taking place within you. This is the best kept secret because it belongs exclusively to God."*
