Whispers from The Brighter World

A Fourth Revelation

Friday, April 25, 2003 - 10:00 a.m.

Do not consider yourself weaker than you are. You have your own weaknesses, but there is a great strength in you, propelling you against all odds. That also results from your faith which drives you to act, in many circumstances, for the love of us.

"This fervour is like a flame which burns in you and lights up your life, making it meaningful. It helped you endure tough ordeals, your heart being offered to Divinity.

"We come back to the concept of surrendering, on which it is important to insist. It develops in proportion to faith; it is fundamental in a genuine spiritual process.

"How could it evolve if blocked by the non-acceptance of ordeals which mark out any life? Surrendering to God, to the Master, is a proof of confidence and also of nobility of soul. The soul feeds on all sorts of experiences, which men see as good or bad, and which contribute to its elevation. The way is long, but if it is well understood in all its aspects, it is so very formative.

"When they have reached that stage, our aspirants have at their disposal all the necessary elements for their success.

"They are no longer coping alone; the sadhana helps them avoid long detours where they would likely be lost.

"They benefit from a reliable method and they have a major reason, the Master who is the most capable according to their heart. He is the one they chose, guided by their lucky star, knowing that all opportunities would work in their favour.

"God is infinitely Great. He creates the souls to His liking, for their own good and for the good of everyone."
