Whispers from The Brighter World

Friday, April 30, 1999 – 10:00 a.m.

(For C.)

One day, C will play a role in the Mission, her heart is pure. She should not be afraid to put herself forward. We will support her when that time comes. We have been following her for a long time; some souls are the object of all our care. Tell her so.

May she be in joy and peace.

Apart from this, everything has been said.
