Whispers from The Brighter World

Wednesday, May 5, 1999 – 8:00 a.m.

Come into your refuge, let yourself be rocked by the transmission. It is a joy to follow your efforts; your perseverance is touching. Your love and your faith in us bear their fruit.

In this period of your existence when outdoor life is not possible, you find the sun and the fresh air inside yourself. This handicap compels you to push very strongly on the door of the heart and to respond to its aspirations.

You could roam the world and feel lonely and sad. Your destiny is quite different, that has nothing to do with us. We try to make your isolation more beautiful, but we don't keep you in this state in order to use you.

It is wrong to say that [comment made by X] and contrary to divine laws. We do not bring about a situation in order to profit from it.

We use the gifts and the dispositions of the heart. A well-seasoned soul that offers itself to us is guided for the good in its journey.

We are both sad and happy for what you are enduring. When you have left the Earth and your mortal coil, you will bless it.

We will resume later.

Babuji
