As we have already mentioned, it is unfortunate that even prefects had disseminated such ineptitudes. That does not matter. Let us turn the page! That has not prevented the work from being done. It is huge! You have neither reference mark, nor the means of evaluating this extraordinary result. That is not important. It is enough for you to believe in us and to advance without losing enthusiasm, which pushes you in such circumstances. Do not forget that you are the soldiers of faith. You partake in the upcoming great upheaval. You may not witness its effects on Earth. But I assure you that they are already effective. Keep joy in your heart; it is not said that humanity will remain in the darkness until the end of time. A big army is being levied; it will move in a striking way in the future decades. You are in the heart of the system, of this typhoon, which must shatter the world in the good sense. As you often say, my daughter..."

The Medium: "What do I say?"

"Lift up your hearts! Never give in, keep the heart of a child in a powerful body, let your energies increase tenfold. You are contributing to the development of a new world; help us in its fulfilment. Have I motivated you enough? It's up to you to see.

"Be blessed, for what you are doing already."
