Whispers from The Brighter World

Monday, May 17, 1999 – 10:00 a.m.

Don't be too alarmed by these remarks, everything in its own time.
In the face of all the prophecies being made, it is our duty to warn you all and not frighten you. Certain catastrophes are possible, they will perhaps be avoided.

Try to remain calm and follow your path normally, each day.
Which human can change the course of things when a fire of this magnitude is lit?
Only faith and hope in God must guide your life, whatever the events may be.
Be surrendered to divine Providence.
