These few lines are for you. I was not as stern as photos of that remote time delude one into believing.

"Your love and the dedication offered to us are appreciated, especially by the 'Beloved Babuji', your constant guide. You are in his heart, and he is in yours. This testifies to a beautiful commonness of souls that manifests itself throughout these messages, and it is important to show this in these writings. They show how such a relationship can open up horizons on what we will call 'the world of the Spirit'.

"Do your level best, my dear daughter. Don't overtax yourself, but isn't that what you do every day by receiving us!

"Be at peace, be blessed, and love us as well as our dear son, your Master – and that more than anything."
