Whispers from The Brighter World

A Fifth Revelation

Tuesday, March 22, 2005 – 10:00 a.m.

No ordeal is useless; each one shapes a being to his true dimension. Everything should be considered from this perspective. To be oneself is to answer a deep call that emerges within, responding to its urgings. Man is generally distracted and leaves these injunctions aside, preferring to build his life as he would like it to be.

"Sooner or later, man will be brought back to this reality. Only wisdom will enable him to take a different direction and accept his own truth in the face of eternity. Before it, the pleasures of this world are not worth the neglect of this fundamental aspect of the being in its higher essence, emanating from the Divine."
