Whispers from The Brighter World

A Fifth Revelation

Thursday, April 21, 2005 – 10:00 a.m.

It is true that through surrender and a constant and irreproachable faith a communication of this kind can be established. The heart must remain the guide in this matter, being surrendered to its chosen spiritual Master within the strict framework of such a relationship.

"Our brothers and sisters prepare for an important meeting in our Mission; my son provides for it through his highly spiritualised work. We have repeated it enough; these special days leave a strong mark on hearts and many of our brothers are very sensitive to this.

"Our Mission begins its great journey on the waves of the history of this world and will mark many of its passages by bringing a new breath of life to men. With time, men increasingly feel a growing need for spirituality in its most accessible form, far from dogmas that no longer meet their aspirations.

"A very broad and active life is starting for our Mission. Our aspirants will feel increasingly concerned. Becoming truly aware of the precariousness of life on this Earth, they would like to benefit as much as possible from the Mission. They will understand the need for simplicity and the importance of the work being carried out in the heart. This work is apparently simple, devoid of complicated rituals.

"Truth is simple. It resides in one's heart and is actually won over with humility, associated with surrender and trust in this Chosen Being who is steering a vessel full of resources, connected to the divine source leading them towards bliss.

"May all our aspirants prepare to receive this special blessing in their spiritual process!"
