Whispers from The Brighter World

Monday, May 31, 1999 – 10:00 a.m.

Our messages are not optimistic. We no longer know which way to turn. This feeling of powerlessness is disturbing. We feel overwhelmed in the face of certain situations.

The Earth's karma is heavy, like that of individuals, it must be accomplished at all costs.

Don't any of you be disheartened in the way you act. You only carry what is due to you and within your capabilities.

Don't ever doubt the divine greatness. The laws of God cannot be understood by human beings. Until the end of time, it will be so: a continuous struggle – life, death, movement – it is inevitable and necessary.

Think of the day when you will all reach other shores, where times will be more serene, where harmony will reign between all beings.

You will heal your wounds and soon forget.

Let us pray together for the advent of an era of peace on Earth, where it will be good to live.

Add that we firmly believe in it. Carry your burden with courage, my dear daughter.
