Whispers from The Brighter World

A Fifth Revelation

Wednesday, June 8, 2005 – 10:00 a.m.

Your heart is overflowing with love, my child. Let it flow. Failing to express itself here, may your heart be harmonised with this subtle energy that puts it in osmosis with ours.

"The attraction of the Divine lifts up the soul and propels it to heights far above the froth of this world. In this space adorned with grace, it is good for the soul to listen to the celestial voices. It loves this speech, which it finds reassuring and puts it in tune with the Immutable Peace. Your heart acknowledges this contact as an invaluable gift, beyond imagination.

"When reading these lines, our brothers will perhaps sense the nervous excitement created in it by such a contact. It is good to forget this world and to let oneself be tamed in other spaces that are not necessarily within the reach of all men – even if, secretly, they also aspire to be uplifted towards a purer world where they could love in all serenity.

"There is a possible way here below. Our practice opens the doors for them – one by one and surely – since they are following in the wake of their Master, in a way that is, little by little, moving them away from materiality. Opening up one's heart to transcendence is feasible; one has to want it and prepare for it.

"A soul that seeks does not remain ignored; the ways of God are accessible to willing hearts and attend to them commensurately with their requests.

"An additional page has been completed. By reading it, may it arouse in receptive hearts the spark that kindles them for good, sweeping away their many

fears and questionings, so that they can focus on what is essential and deeply imprinted in their subtle being.

"May all be blessed, very particularly in their quest of the Divine!"
