Whispers from The Brighter World
A Fifth Revelation

Monday, June 20, 2005 – 10:00 a.m.

Do not worry about your Master, my child. We are by his side, as you know. Thus is all your love for him expressed, even while your own health is quite challenging. Remain confident for him and for yourself. Life has its own mysteries, and humans must undergo them without grasping the hidden meaning of their ordeals. We will not impose any longer. Tell him how much we love him, that's all."
