Whispers from The Brighter World

A Fifth Revelation

Sunday, September 18, 2005 – 10:00 a.m.

Let your heart go and receive these expressions of affection, let them be expressed. To be born into life in this world is an absolute necessity; therefore why not remember this birthday when the hand of destiny manifests itself. A spiritual path commences at the very first moment, and it continues until the end; each moment is part of the spiritual stock of an incarnation.

"You can be delighted, my child, that many positive aspects [of the incarnation] will be remembered. All is grace, as you know – the good as well as the bad, as per human appreciation. Be thankful for each day spent on this Earth. Your life is far from being ordinary, although it is not openly shown. It is in the obscurity – as per your preference – that it truly takes place. No life is useless, as clearly demonstrated by yours, even though it is not visible. Thus is achieved what you came [on the Earth] for.

"Love infinitely, in the silence of your heart where the most beautiful masterpieces are built. Remain surrendered to the power of the divine Spirit. It guides your life according to its own laws and the requirements of your karma. Love your Master and love us, without feeling embarrassed by these lines that refer to you. Does the pencil not have a soul whose radiance can be perceived through these lines! No matter what you think, this day is special and we wanted

to emphasise it. Continue to serve us, as much as will be possible; thus your heart will be fulfilled.

"Be blessed, my child."

Babuji
