Whispers from The Brighter World
A Fifth Revelation

Sunday, September 25, 2005 – 10:00 a.m.

Don't go beyond your strength, my child. Our contact remains fruitful, even if it does not result in a written page. Your capacity as a medium is intact; only a little rest is necessary in your current state. Let us remain in union of heart with him who on Earth holds the power in the Mission, as we have entrusted it to him. He also struggles to assume his heavy task. We will soon address his dear person through these messages. Be at peace, all is well."
